DFS 100 STUFFER

No other stuffer on the market can compare to the Quality and Power of the DFS 100 Stuffer. Large enough to handle the big jobs and yet small enough to do the little jobs. Excellent for both long and short product runs. Convenient knee lever operation leaves your hands free to handle product. The lid swings completely out of the way for easy loading and cleaning. Powered by a reliable hydraulic system. It has an adjustable pressure control valve for different product consistency. Simple to operate and easy to clean.
